czech mint

Issue plan 2027

Your investment.
Your rules.

Dear collectors, investors, valued partners and friends of the Czech Mint,

Jablonec nad Nisou, which has been our home since 1993, celebrated a number of anniversaries in 2026 – including 670 years since it was first mentioned and 160 years since it was granted town status. At the same time, an extraordinary event took place here – on the aptly named Mincovní Street, meaning Coin Street, the foundation stone of the Czech Mint's new building was laid!

After long decades, all our departments will finally be brought together under one roof in our own premises. This is a challenging project that will shape us for many years to come, but one thing remains unchanged – our commitment to you, which is built on the solid foundations of tradition, quality and value.

You can therefore continue to look forward to captivating stories and powerful emotions immortalised in precious metals. See for yourselves…

The Czech Mint team
